

Health and Well-being Are at the Core of Our Philosophy.

We believe in treating the mind, body and spirit to achieve greater overall health and vitality. Our nurturing team of physicians, nurses and therapists are committed to upholding Judson's over 100-year reputation of providing excellent care and support. Our top-rated health center offers residential long-term care, short-term skilled nursing and rehabilitative services. We work in collaboration with the area's leading medical centers and universities to ensure the best possible care for our residents.
